

The "Chinese New Year Spectacular" is the world's largest live-stage Chinese classical dance and music show featuring authentic Chinese culture. It is a multi-million dollar production that will take you back 5000 years into ancient China in two of the most memorable hours of your life. Based on Chinese myths and legends, the elegant dance and music present the core values of Chinese traditions in vivid forms. The performance will bring you the pure goodness and pure beauty of traditional Chinese culture. It will certainly be a remarkable experience not only for those who cherish Chinese culture, but also for our next generation to whom we want to pass the traditional values.

These unique shows condense the five thousand years of Chinese culture and present its essence in vivid form. Thanks to the long and rich Chinese history, the Spectacular is able to bring up new programs every year, which make itself stand head and shoulders above the classical shows the western audience have been familiar with. In all modesty, the Spectacular is the only one over the globe that presents new classical programs every year, while always sticking to the top quality in performances, fantastic costumes and breathtaking backdrops.

Accompanied by a live orchestra, bilingual host will guide you to enjoy the world-class performances. It's the best way to celebrate the year of the Rat and a wonderful gift for your family, your friends.

The "Chinese New Year Spectacular" will feature the "Divine Performing Arts" troupe from New York, which has participated in many "Chinese New Year Spectacular" and "Holiday Wonders" shows hosted by NTDTV. The troupe was invited to perform in many major cities around the US, Canada, Europe, Asia and Australia.

As the world's largest independent, nonprofit Chinese language television network, NTDTV began presenting its annual "Chinese New Year Spectacular" in 2004. The sold-out shows have grown from seven performances in five cities in its first year, to 80 shows in 32 cities around the world in 2007. The 2008 "Chinese New Year Spectacular" is even grander, and will tour 65 cities with 220 shows. (Updated information)
